COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The time to prepare next year's budget is approaching. Adjustments will have to be made in some accounts, especially the highway maintenance, both summer and winter. We cannot maintain the same services with the funds available due to the added costs we have from year to year. Otherwise, there are no indications we should have to ask for very much more total appropriations.

There is no doubt the selection and budget committee will approach the budget sessions with conservatism in an attempt to keep the tax rate as low as possible. They will have some choices but for the most part the appropriations have been pared to the minimum in past years.

We are having good response on our taxes this year. The receipts since the tax bills were mailed have been higher than expected.

There should be an effort made to get the tax bills out earlier in the year to reduce the tax anticipation borrowing. This year the money we have borrowed will cost us in excess of \$3,500 for interest.

SKI SCHOOL DIRECTOR IS ANNOUNCED FOR SUNDAY RIVER

Erna Blais, a certified Swiss and Canadian ski instructor will be the ski school director at Sunday River Skiway this year. Miss Blais will be coming from Einsiedeln, Switzerland in mid-December. As director, her duties will be to organize a professional ski school, organize the NASTAR ski races, teach racing skills as well as private and group lessons to skiers. She has had 12 years of experience as a professional ski instructor in Europe and Canada, making her well qualified for this important position at Sunday River.

The greatest appeal for the NASTAR races will be to the recreational skier who may be a little timid about entering races in competition against the experienced skier. It provides him the opportunity to compare his skills with others without embarrassment.

The installation of snow making equipment is progressing at Sunday River. The crew has been busy laying pipe this week and if the weather permits, will be busy making snow for an opening date on Thanksgiving.

PSYCHIC AND DOWSER TO BE FEATURES OF PROGRAM

Dr. Alexander Tanous, internationally known psychic will be pre-sented in a two-hour program on extrasensory perception Friday, Nov. 20, at 8 p. m. at Telstar Regional High School. Appearing on the same program will be John Shelley who has the ability to find water or minerals remotely by the use of a map and either a dowsing rod or a pendulum.

Following a study by the U.S. Army into the use of dowsing rods for finding booby traps and tunnels, G. I.'s in Vietnam are using them for finding mines, false walls in huts, arms, etc.

The program is being presented by the Dollars for Scholars Committee which needs a boost to supply scholarships for the class of 1971 at Telstar.

GROVER HILL AUTO ACCIDENT FATAL FOR BETHEL MAN

Stanley O. Merrill of Bethel died at the CMG Hospital in Lewiston, Saturday night, Nov. 7, following a one-car auto accident on the Grover Hill Road some four hours earlier. Mr. Merrill was taken to Rumford Community Hospital and later transferred to the CMG Hospital by ambulance, after being pinned in his vehicle for some 45 minutes.

According to reports he was alone in his car which went out of control, crossed over to the left side of the road and went over an embankment, crashing into a tree. The car was reportedly demolished. Investigating the 5:30 p. m. crash was State Trooper Gerald Smith.

Mr. Merrill was born at Bethel April 21, 1926, the son of Everett and Jeannie Luxton Merrill. He was a veteran of World War II and a member of Mundt-Allen Post, American Legion, Bethel. He was employed for many years for the State Highway Commission.

Surviving are his mother of Bethel; four daughters, Cheryl Merrill, Rumford, Mrs. Katherine Parker, Locke Mills, Mrs. Jeannine Wilson, Bethel, and Donna Merrill, of Locke Mills; a sister, Mrs. Phyllis Blake, Bethel; a brother, George, of Hanover.

Services were held Tuesday afternoon, Nov. 10, from the Greenleaf funeral home, Bethel, with Rev. Frederick Bailey, officiating. Cremation at the Gracelawn Memorial Park, Auburn.

MUNDT-ALLEN POST #81, A. L. HELD MEETING TUESDAY

Mundt-Allen Post No. 81, American Legion met at its new Legion Hall on Vernon Street, Tuesday evening, Nov. 10, with 11 members present.

Much discussion was given to the work that has been done on the new building, as well as the work remaining before full completion.

The suspended ceiling was completed this week. Final work on the baseboard heating system will be completed this week and it is hoped that the wash room and kitchen facilities will be completed shortly. The lighting is nearly complete, and with a little more help, should be finished this week.

Plans were talked over and started for the coming events, game parties, suppers and special events.

Upon completion, the building and its facilities will be made available to other organizations and groups for their meetings.

All veterans serving in any branch of the United States between the dates of April 1917 to November 1918, Dec. 7, 1941 to Sept. 2, 1945; June 1950 to July 1953, or Aug. 1964, to date of cessation of hostilities in Vietnam as determined by the Government of the United States, are urged to join the American Legion — if not the Mundt-Allen Post, then come other post.

As of Nov. 10, 1970, Mundt-Allen Post held 66 paid up members for 1970-71; this includes six new and re-instated members.

PLEASE WRITE — YOU CAN DO SOMETHING

How many times have each of us said, "How I wish there was something I could do that would really help our men in Vietnam." We all feel so helpless and insignificant in our small corner of the United States.

We can help by writing letters — tons of them — letting the North Vietnamese leaders know we do care for each one of our men.

Below is a sample letter to help you get started. Please write now. It has been proven that our personal concern by letter writing is helpful. Address your envelope to Mrs. Carolyn Carpenter P. O. Box 332, Sanford, Maine 04073 and who will see that it is delivered with thousands more from Maine to the North Vietnamese.

There will be an open meeting on MOUNTAINSIDE

at the Congregational Church this Friday at 7:30 p. m. Young people, parents... anyone involved or interested in this program are urged to attend. Sponsored by the Church Council.

Dear Sir:

I would like to write to you to express my deep concern for the welfare and release of the American young men that are being held as prisoners by the North Vietnamese.

I want to add my "voice" in asking that the North Vietnamese abide by the Geneva Convention rules including identification of prisoners, humane treatment for them, the turning over of the sick and wounded and allowing the free flow of letters to and from the prisoners. Sincerely,

Christian Science
Peace and love are actually avail-
able to everyone. This is a theme of
the Lesson Sermon, "Mortals and
Immortals" to be read Sunday at
Christian Science churches.

"If any man be in Christ, he is
a new creature: old things are pass-
ed away, behold, all things are be-
come new," the Golden Text from
1st Corinthians states.

One of the passages to be read
from "Science and Health with Key
to the Scriptures" by Mary Baker
Eddy states:

"This scientific sense of being,
furnishing matter for Spirit, by no
means demands man's absorption
into Deity and the loss of his iden-
tity, but confers upon man enlarged
consciousness in wider sphere of

BETHEL LIBRARY
"My Father's House," by Philip
Kunhardt, Jr. is a book to a father
from a son. It is about family
life as many Americans remember
it: about seasons in the country and
the rich impression they left; about
summer vacations, learning to
fish and climb mountains, the fun of
doing something hard and together;
about tribulations as well as the pat-
tern of family life. Philip Kunhardt's
mother once told him: "Everything
you've said or done makes a dif-
ference on other people's lives, so
that long after death you live in the
world in a different form."

"The Young Clementine," by D.
E. Stevenson. A quiet but brilliant-
ly characterized novel which pre-
sents a picture of English life before
World War II.

"Death in the Stocks," by Georg-
ette Heyer. In the moonlight the man
sitting in the stocks appeared to be
either drunk or asleep. But the man,
in fact, was dead.

"The Kennedy Women," by Pearl
Buck.

"Wild Flowers of America," by
H. W. Rickett. 400 flowers in full
color from paintings by Mary Vaux
Walcott with additional paintings by
Dorothy Falcon Platt.

Letters to the Editor
Nov. 10, 1970

To the Editor:
As an Attorney, I feel compelled
to answer an unsigned letter ap-
pearing in the November 5, 1970 is-
sue and inform your readers as to
the status of the law in Maine rela-
tive to political activities at a vot-
ing place.

Title 23 Maine Revised Statutes
Annotated §892 reads, in part: "On
election day, certain activity is pro-
hibited in or near the voting place
... this does not prohibit a candi-
date from attendance at the voting
place and oral communications with
voters as long as he does not attempt
to influence their vote."

The law is clear and the practice
widely accepted. Compliance with
law and custom is hardly "a fla-
grant lack of ethics ..."

Sincerely,
Michael J. O'Donnell

who supported me at the polls last

TELSTAR HAS 44 TIE WITH LEAVITT IN FOOTBALL FINALE

Leavitt High of Turner Center and Telstar Regional High School fought to a 6-6 standoff in a Mountain Valley Conference match at Bethel last Saturday.

Telstar took a 6-0 lead in the third period. Jimmy Thurston, a three-year guard switched to full-back for one play, scored his first varsity touchdown when he bulled over from the one. The rush for the conversion failed.

Leavitt tied the contest with 5:03 remaining in the game when Jeff Gwart caught a 49-yard Bob Leavitt aerial for a touchdown. The attempted conversion-rush failed.

Telstar had a chance to pull the game out in the last two seconds, but an attempted field goal by Dana Melville from about 30 yards out fell just below the cross bar.

Billy Savage, in his last game at defensive tackle for Telstar, played superbly.

Telstar ended their MVC season with a record of three wins, four losses and a tie. Their overall mark was 4-4-1.

R_x DIABETES CAN'T BE CURED BUT CAN BE CONTROLLED

Proper diet, an oral medication called a hypoglycemic agent, and insulin are the three ways a physician controls a diabetic patient. He may use just diet or all three, depending on the type of diabetes. The important thing is to diagnose early for in some cases there are no symptoms.

Because the diabetic needs a great many products to help control the condition, we have a complete "Diabetic Center" in our pharmacy. This includes not only the necessary prescription medicines but heating tapes, sugar substitutes, insulin-free products, food measuring scales, syringes, etc.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

AMBULANCE LICENSING LAW EFFECTIVE JAN. 1, 1971

Ambulance personnel and business owners are reminded that the Ambulance Licensing Law, passed by the 1969 Legislature, goes into effect Jan. 1, 1971. Farnham Polson, Acting Director of the State Emergency Medical Services Division said this week that, at that time, all vehicles and services must be licensed. He added that at least one person on an ambulance call must hold a state ambulance attendant license.

Polson said that the various licensing forms have been sent by the Division to all organizations and individuals on its mailing list. Included with the forms are the rules and regulations established in the new law and equipment requirements for operating an ambulance service. He added that any organization or person who has not received the forms, but would like to, should write or call the Division of Emergency Medical Services, Department of Health and Welfare, in Augusta.

The Community Thanksgiving Service will be held on Wed. Nov. 25, at 7:30 p. m. at the West Parish Congregational Church. Mrs. Bonnie Burris will bring the message.
